**Essay Questions**

*Required for Application to the Master of Energy Business*

**Instructions:** Please prepare a written essay response to each of the following questions. Each response should be 200-300 words long. Do not use “bullets” to format your answers. You are encouraged to read all three questions before beginning.

1. What are the most important energy-related issues for the global economy in the next one or two decades? Why do you think these are important? How do they personally impact you?

2. Describe a situation from your professional experience to date in which you wish you had known more about the “big picture” from a business standpoint. What was significant about this situation and how did you react?

3. Describe two or three situations/tasks/accomplishments from your experience that you believe have prepared you to accept a position of increased responsibility within your company or organization. In what ways would you expect completion of the Master of Energy Business to further prepare you for such roles?
