Greg Lippert was appointed President and CEO of Tulsa based Mazzio's Corporation, operating 171 Mazzio's Italian Eateries and 15 Zio's Italian Kitchen's restaurants, in August 2005. Prior to this appointment, he was Chief Operating Officer of Fazoli's, a restaurant chain of 400 Italian restaurants.

Lippert came to Tulsa in 1984 to join the original Ken's Restaurant Systems, operator of "Ken's Pizza" and start up "Mazzio's Pizza" as its Marketing Director where he oversaw all Mazzio's and Ken's Pizza marketing and the introduction of Zio's Italian Kitchen from its conceptual stage to its current 15 locations. Greg left Mazzio's Corporation briefly for a two year period when McDonald's purchased the Fazoli's business and appointed him as their CMO.

**Take-A-Student to Lunch**

One goal of Friends of Finance is to provide assistance to our students. Assistance may be in the form of employment advice, employment opportunities, and mentoring. One way to do this is to participate in our Take-A-Student to lunch program. Just contact Judy Adair at 631-2588 or judy-adair@utulsa.edu and tell her how many students you would like to host. She will arrange for the student(s) to meet you at the registration desk for the luncheon. Please ask for the student(s) when you check in.

**Job Posting**

This year we will continue our web site for job postings service on a no cost basis for all members. Membership is required both to post jobs and to view job postings. Once we post a job, we will distribute an e-mail announcing the new job posting.

Firms who have used FOF to distribute job openings have found it to be a very effective recruiting tool. FOF members have been very appreciative and have told us how they passed along the job information to friends seeking employment. Hence, the distribution is far larger than our membership. We encourage you to have your firm participate in our job posting service.

To post a job opening, e-mail the job description in Word or PDF file, along with contact information to Judy Adair (judy-adair@utulsa.edu) who will post it. We will not edit the files.

**Resume Posting**

FOF members who are seeking employment may now post their resume on the FOF web site. An e-mail will be sent as new resumes are posted. The e-mail will only list the type of position sought and a link. Your user name and password will be required to access the actual posting.

E-mail your resume as a Word or PDF file to Judy Adair (judy-adair@utulsa.edu) who will post it. In your e-mail, please include a job title (financial analyst, CFO, etc.) of not more than four words. We will not edit your resume. There is no cost to members for this service.

Finance Students Excel

Each semester our undergraduate seniors take a major field test covering all areas of business. The results of the Spring 2006 test show TU business students ranking at the 90th percentile of all test takers from 513 participating institutions. Finance students did even better ranking at the 95th percentile.

MS in Finance GMAT Scores

One major parameter for judging the quality of a graduate business program is the average entrance score (GMAT). The 2006-07 MS in Finance class has an average GMAT of 670 which is at the 89th percentile. When our 670 GMAT is compared to all 800+ MBA programs (there is no reporting for MSF programs) we are in the top 25.

Executive Luncheon Sponsors

If your firm would like to gain some additional recognition and support FOF, it is now possible to be designated as a Friends of Finance Executive Luncheon Sponsor. A Luncheon Sponsor would receive recognition in our newsletter, recognition at the meeting on PowerPoint slides prior to the meeting, recognition from the podium, and a table for eight at one luncheon with preferential seating. One member of the sponsoring firm will be seated at the Head Table with the speaker. The Luncheon Sponsorship is for one meeting. The cost is $2,000.

**Favorite Professor**

Anne Anderson (MBA ‘98) recently was featured in BusinessWeek On-line.

By Lindsey Gerdes
Business Week 9/21/06

Finance professor Anne Anderson is a West Point grad and former 1st Lieutenant. That doesn't mean her classes are all drill and discipline. Assistant Professor Anne Anderson starts out the semester with a snapshot. The popular Lehigh University finance instructor takes a picture of each new student with his or her nameplate, giving herself a two-week deadline to learn every name.

She is equally committed to getting to know her students on a personal basis. "Every time I walk into the office, she asks about how I'm doing and wants to know about me and how my life is," says junior Megan Duesing. In 2005 students rewarded this dedication by presenting Anderson with the Lehigh Junior Award for Distinguished Teaching.

WINDING ROAD. Anderson came to teaching later than most. "My background is one of those winding roads," says Anderson, a West Point graduate and former U.S. Army 1st Lieutenant, of her nontraditional path into academia. Despite an interest in teaching dating back to her West Point years, it was only after four and a half years in the Army and five years as an engineer at Atlanta-based Lanier Clothes that the pieces finally fell into place. When asked to train factory workers on new procedures in the manufacturing plant, "the teaching bug came back," says Anderson, who left Atlanta soon after to pursue an MBA at the University of Tulsa. This was followed by a PhD from the University of Arizona, and her most recent move to Lehigh, where she has just completed her third year of teaching.

Anderson, whose corporate financial policy course is a requirement for finance majors, tries to bring a real-world approach to the classroom. This includes regularly beginning class periods quizzing students on current events with finance components and also assigning Jim Collins' Good to Great as required reading. Students then apply the standards from the book to companies such as Nike (NKE) to determine whether they're good or great.

BIG-PICTURE PROJECTS. Numerous students also praise the three group projects over the semester as the highlight of the course. Throughout the semester, teams of four collaborate to provide financial ratio, capital structure, and dividend policy analysis for companies like Hershey (HSY).

Junior Eric Brandt says Anderson's ability to discuss finance in terms of broader business implications is integral to giving the project big-picture relevance and keeping students engaged. "With our projects, some of the paper was focused on the numbers," says Brandt. "But the majority of it was concerned with: Why is it the way it is, and how would you go about changing that?"

Anderson may be supportive but she's hardly a pushover. The West Point graduate also places a high priority on discipline and responsibility: She gives pop quizzes when students fail to do homework and deducts points from papers that aren't turned in at the beginning of class. "You play like you practice," says the former basketball player. "When you leave here and the boardroom meeting starts at 10 and you stroll in at 10:15 because you're in the copy room, your boss is going to wonder."

Many survey respondents expressed an appreciation for Anderson's methods. "She is very tough, but makes class so interesting," notes one survey respondent. "She makes the learning fun, while applying it to real-life situations."

EARLY RISER. Next year Anderson will add a graduate course to her teaching duties. The busy prof also has academic research under way on international companies and corporate governance, restricted shares, and socially responsible investing. And there may just be a little bit of lieutenant left in the impressive multitasker and early riser: By 5:30 a.m. Anderson is already responding to student e-mails, and she arrives in the office around 7.

By serving as a role model for students who want this kind of discipline in their own lives, and letting them know she has their best interests in mind, it's mission accomplished for Lehigh's most popular military/engineering/teaching veteran.
Finance Excellence Fund

FEF gifts are placed in the Student Investment Fund (SIF) which is managed by our students. Earnings from the SIF are used to support scholarships. To date, 135 students have received more than $240,000 in scholarships. The current market value of the SIF is $1.3 million.

This year we have had 40 donors and $59,945 in gifts. Our goal is $150,000. You may contribute online at https://bus.cba.utulsa.edu/fof/excellencepledge.asp.
