Internships and Mentoring

Your support of the School of Finance through contributions to the Finance Excellence Fund is very much appreciated. It helps build the endowment for future scholarships for finance students and supports the resources our finance students and faculty need to succeed in their classes and careers.

Another way to support the finance students is through internships and mentoring. While our students receive a world-class education at the University of Tulsa, adding experience to the education helps develop these students by putting into practice what they have learned, and gaining the guidance and experience of area professionals as they begin and continue to advance in their careers.

If you have an internship opportunity for a finance student, whether it is a summer internship or one that occurs during the academic year, please contact us and we will be happy to help find the right student for your internship.

In addition, another way to have a substantial impact on a students is to serve as a mentor to a student as they complete their education and begin their career. Providing career advice, discussing next steps, letting students know about your experiences and successes provides a real connection to students that will help them advance now and in the future. Please consider mentoring a student.

Shuttle Service

Shuttle service will be provided from the parking lots along Gary Place to the Allen Chapman Student Center between 11:00 a.m. and 2:00 p.m. See University of Tulsa Campus Map for a campus parking map. Please let us know if you have questions.
